

Gururaghavendra omkar

Bengaluru, India | +91 9353914970 | omkargururaghavendra@gmail.com

PROFESSIONAL SUMMARY

Innovative software developer with a BE in Information Science. Passionate problem-solver with a strong foundation in full-stack development and machine learning. Thrives on tackling complex challenges, learning new technologies, and delivering effective and practical solutions.

TECHNICAL SKILLS

- **Languages and Backend:** Java, SQL, DSA, Spring Boot, REST APIs, Hibernate, JDBC, Thymeleaf, Spring Security
- **Frontend Technologies :** HTML5, CSS3, Java Script, React Js.
- **AWS Cloud :** EC2, S3 Buckets, RDS Database, Creating IAM User giving permissions and roles to IAM user, ASG.
- **LLM Platforms:** ChatGPT (OpenAI), Gemini (Google), Claude (Anthropic), Antigravity, Postman
- **Databases, Caching and OS:** MySQL, Postgres SQL.

PROFESSIONAL EXPERIENCE

Full-Stack Java Intern

January 2026 – May-2026

JSpiders, Bengaluru

- Developed full-stack web applications using Spring Boot, React, and MySQL.
- Designed and implemented RESTful APIs for CRUD operations and integrated frontend with backend services.
- Built responsive and user-friendly UI components using HTML, CSS, JavaScript, and React.js.
- Managed database operations using MySQL, JDBC, Hibernate, and Spring Data JPA.
- Performed API testing, debugging, and exception handling using Postman and developer tools.
- Used Git and GitHub for version control, code management, and project collaboration.

TECHNICAL PROJECTS

MAJOR PROJECT

(Group project)

"Collaborative Development Platform As A Service".

- Developed a Real-time IDE using Java for simultaneous collaborative coding.
- Integrated WebRTC-based voice and video communication for remote pair programming.
- Implemented version control and conflict resolution for smooth multi-user code editing.
- Built the backend using Java (Spring Boot) and WebSockets for real-time synchronization.

(Internship Project)

PlacePrep – A Full Stack Placement Preparation app.

- Developed a full-stack Placement Preparation Platform using React.js, Spring Boot, Spring Security, and MySQL.
- Implemented JWT-based authentication and BCrypt password encryption for secure user access.
- Designed and integrated RESTful APIs for user management, aptitude tests, and dashboard functionalities.
- Built responsive and interactive user interfaces using React.js, Tailwind CSS, Axios, and React Router.

EDUCATION

Bachelor of Engineering in Information Science and Engineering

2022 – 2026

PDA College Of Engineering, KALABURGI

CGPA: 7.73 / 10

CERTIFICATIONS

- JAVA & SQL – Quality Theorem (2025)
- Cyber Security – Elynthra Edify tech solutions (2025)
- Privacy and Security in online social media – NPTEL (2025)
- Soft Skills – NPTEL (2025)
